Introduction

In continuing with its efforts to grow the Electronics System Design & Manufacturing (ESDM) industry, DEFTRONICS was incepted to boost the Aerospace & Defence sectors in Electronics. The Indian Aerospace & Defence Industry is one of the most lucrative industries and a booming market with an ocean of opportunities for manufacturing companies. India's current requirements on Defence are largely catered to by imports. The Global OEM and Indian companies alike are keen to leverage the opportunity of defence contracts, which reflects the success of initiatives like "Make in India".

The fourth edition of DEFTRONICS dated August 31st & September 1st, 2017 was organised in Hyderabad.
